"I've learned that no matter what happens, or how bad it seems today, life does go on, and it will be better tomorrow. I've learned that you can tell a lot about a person by the way he/she handles these three things: a rainy day, lost luggage, and tangled Christmas tree lights. I've learned that regardless of your relationship with your parents, you'll miss them when they're gone from your life. I've learned that making a "living" is not the same thing as making a "life." I've learned that life sometimes gives you a second chance. I've learned that you shouldn't go through life with a catcher's mitt on both hands; you need to be able to throw something back. I've learned that whenever I decide something with an open heart, I usually make the right decision. I've learned that even when I have pains, I don't have to be one. I've learned that every day you should reach out and touch someone. People love a warm hug, or just a friendly pat on the back. I've learned that I still have a lot to learn. I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." - Maya Angelou

Class of 2012

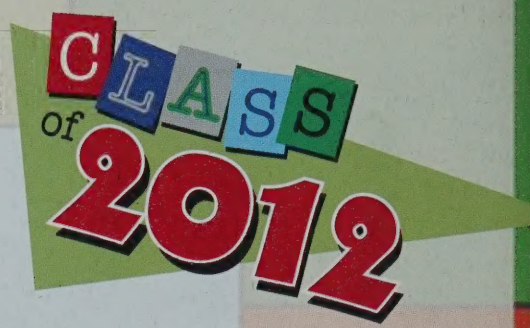
Congratulations Seniors,
you've made it through these last four years,
filled with love and friendships,
and through all the pain and tears.

Today is your day,
You've made it this far,
and today is the day,
we show how truly special you are.

Congratulations Seniors,
You really deserve this day,
so take a second and think,
of what your parents will say.

"Good job, honey."
"Way to go big guy."
"You've grown up so much,
Right before our very eyes."



So Seniors,
We hope you had a blast,
Take a look around,
And see what has become your past.

Congratulations Seniors,
We hope you've had fun.
Never forget us here at Plainfield High,
and all that you've done.

Congratulations to the Class of 2012!

Friends Forever!

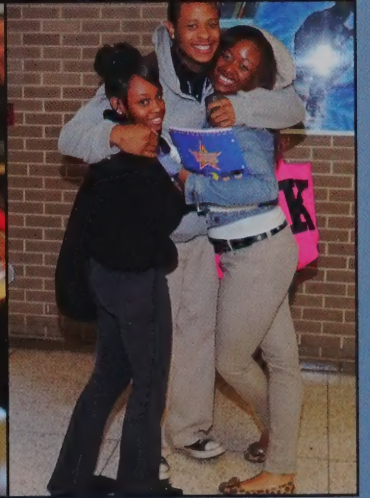
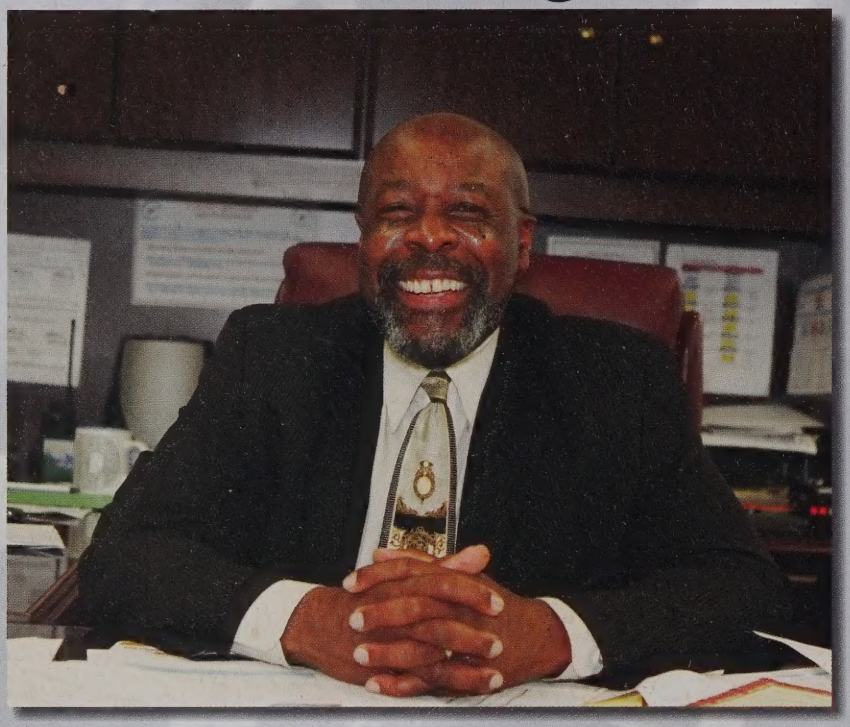
AMERICAS



To The Graduating Class Of 2012



Graduating from High School is a monumental milestone in your lives. This moment in time is yours. You should enjoy every precious second of it. I am proud of your successes and encourage you to continue the journey you have started on the road to success.

As your graduation ceremony approaches, please note that the program will state "Commencement Exercises." This signals a new beginning for all of you. You will face many new challenges every day of your lives. Some in academia, some technological, some in the workplace and yet other challenges will center on making wise decisions. Whatever the case, you have taken the fundamental step in preparing yourselves to face these challenges.

Our global society needs each of you. You are the solutions to many of the world's problems. You are our future environmentalists, nuclear physicists, mechanical engineers, anthropologists, lawyers, teachers, doctors, architects, etc. As the old adage says-"To whom much is been given, much is expected."

It is my firm believe that each of you has the potential to realize all of your dreams and aspirations. As graduates, you will join an illustrious alumnus and it is the hope of all who played a role in your education that you will never forget the connections you have made here at Plainfield High School. It gives me tremendous pride to see you move forward and conquer the challenges that lie ahead.

Congratulations and best wishes in all your future endeavors. It is my most sincere hope that the years ahead bring happiness and fulfillments to your lives.

Sincerely,

Otis Brown, Jr.
